

Event announcement

Risk Assessment Research Assembly (RARA) – Utrecht, NL 7 February 2018

Stimulating new partnerships in food safety risk assessment research to safeguard public health and highlighting the importance of public funding

- ✓ **Bringing together** research funders, policy/decision makers and leading food safety organisations
- ✓ A **platform for networking**, esp. to facilitate partnering and identification of project funding mechanisms
- ✓ **Raising awareness** of the importance of public funding for food safety

Your active participation

Present **research ideas** in food safety risk assessment:

Ideas showcase: display ideas as posters

Pitches: 3-5 minute presentations of key elements of ideas to discuss, raise awareness and potentially find partners

Provide information about **funding mechanisms**

Networking to strengthen and build partnerships

EFSA provides

e-Inventory of research area ideas:

- for participants to identify possible points of interest before this event
- to enable dissemination of ideas to those not attending this event

Open discussions in plenary and groups

Facilitation and **physical space** for showcasing and networking

Info points for funders to provide information

Online registration – open until 13 November 2017
